Residential 3 District Youth Weekend	Friday 14 th April – Sunday 16 th April 2023	Venue TBC

Funding

The costs of running the programme (mainly the interns and District teams salaries) are met by the Yorkshire West District. The costs of the residential events are shared between the District and the intern's local church and Circuit. The District meets one third of these costs, and the other two thirds are funded by the local church and Circuit. This can be split however the Circuit and church sees fit. The District will also cover the interns' travel costs for the residential weekends.

The local church or Circuit will also need to arrange for a local budget to be put in place. This will be to cover additional costs that the project incurs, such as resources, materials and local training opportunities.
